

VEER-O-METALS Pvt. Ltd.

Delivering Excellence

About Us

Veer-O-Metals was established in 1965 in Bengaluru, India. We are one of the leading manufacturer & exporter of precision metal parts. We have more than 6 decades of experience in engineering and manufacturing. We have multiple manufacturing locations. We are the preferred partner to many reputed clients & have a thriving global spread.

Our Core Business

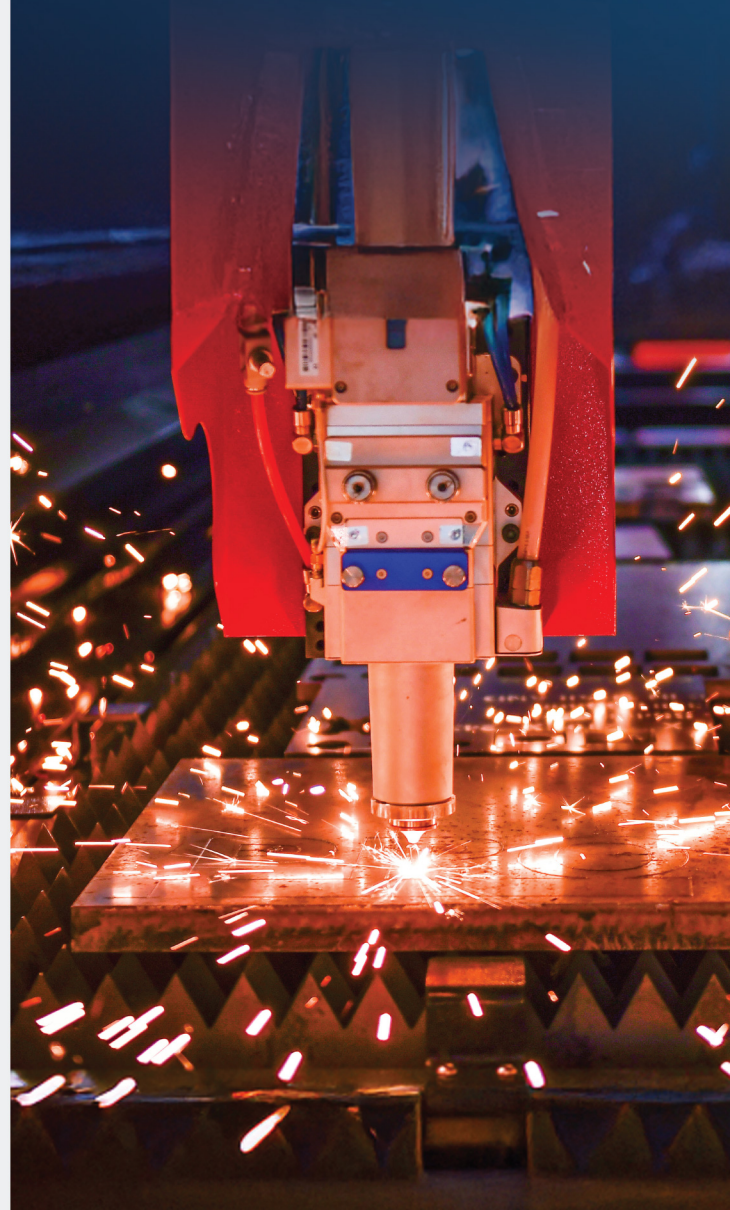

- Stamped Components - Automotive/ Industrial/ High-Speed Stamping
- Precision Fabrication - Metal Enclosures/ IT & Industrial Racks/ Welded Sub-Assy
- Busbar Fabrication - Copper & Aluminium (Flats & Sheets)
- Mechanical / Electro-Mech. Assy - Powder Coated/ Painted/ Semi-Automation Lines
- Tooling - Press Tools & Fixtures
- Machining - CNC Machining & CNC Turning
- Metal Additive Manufacturing - Metal 3D - Printing

60+ Years

of Customized Manufacturing
& Preferred Source

Spectrum of Industries Served -

- Automotive
- Appliances
- Airports & Baggage Handling
- Building Automation (Fire & Security)
- Defense / Aerospace / Space
- Electronics
- Electrical, Power Transmission & Distribution
- IT & Data Center
- Machine Tool
- Metro & Railways
- Oil & Natural Gas
- Renewable Energy
- Telecommunication & Networking

One Stop Solution For Precision Parts

We Export to:

Our Strengths

Integrated Facility for Manufacturing in all Core Lines of Business

A Rich Experience of 60+ Years

Strong Engineering Team Facilitating Faster NPI

Large Capacity for Manufacturing

Ability to Offer VMI Solutions Globally in USA & Europe

In-House Manufacturing Facility for Press Tools

Customized Process Automation & Assembly Lines

Supply Chain Resilience

Digitization of Processes to Measure Business Performance

Sheet Metal Stamped Components (Automotive)

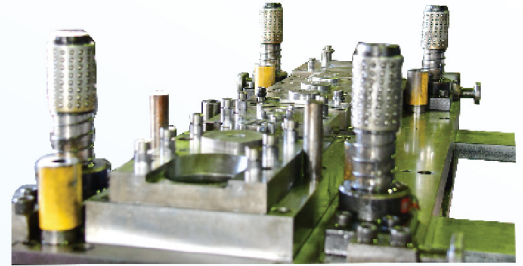

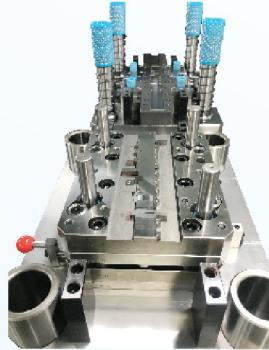

Sheet Metal Stamped Components (Industrial)

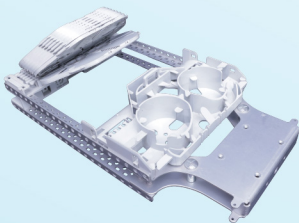

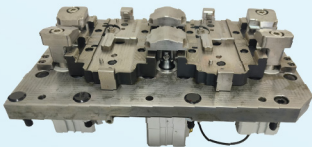

High-Speed Stamping Components

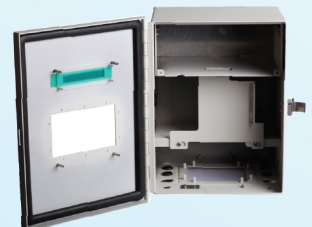

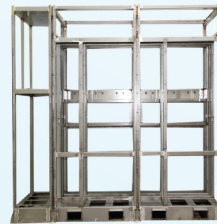

Press Tools (including Progressive Stamping Tools)

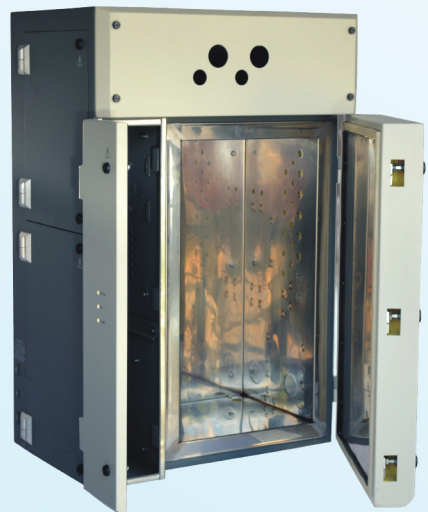

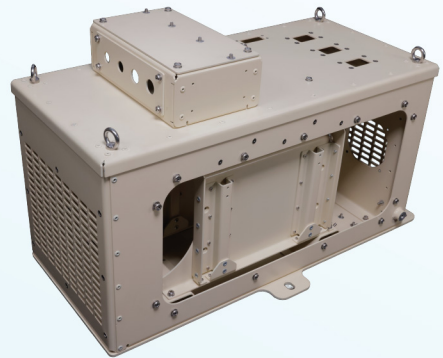

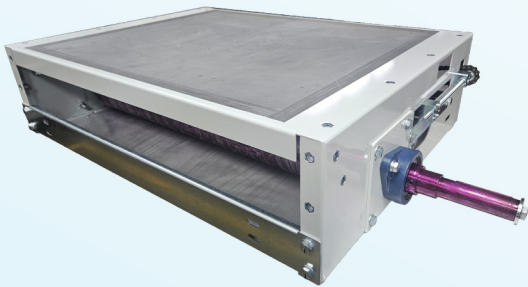

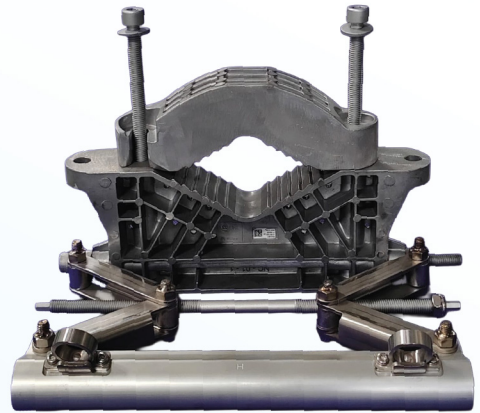

Machined Components

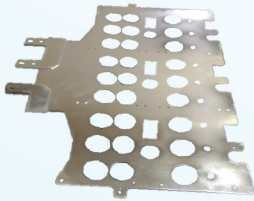

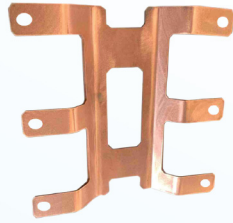

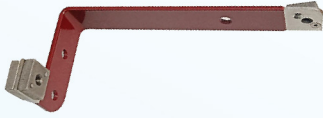

IT & Industrial Racks/Enclosures

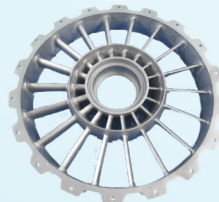

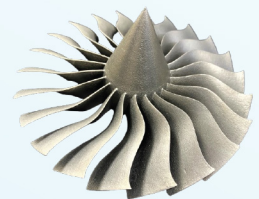

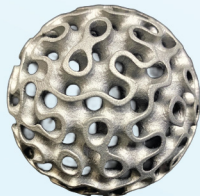

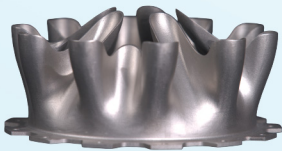

Mechanical Assemblies

Busbar Fabrication Copper & Aluminium

Metal 3D - Printed Parts

Clients

Manufacturing Facilities

➤ Stamping

- Stamping Presses (40T-500T)
- Hydraulic Press (200T)
- Perforation Press
- High-Speed Stamping Presses (80T-160T)
- Stamping Tool Designing & Manufacturing
- Fully Equipped Tool Room

➤ Surface Treatment

- Conveyorized Powder Coating With Pre-Treatment
- Painting
- Screen Printing

➤ Ultrasonic Cleaning & Clean Room Facility

➤ Fabrication

- Fibre Laser Cutting
- CNC Turret Punching & Bending
- Welding On Ferrous & Non-Ferrous Metals
- Robotic & Cobot Welding
- Laser Welding
- Resistance Welding
- Projection Welding

➤ Specialized Equipment

- Shrink Wrapping Machine
- Bus Bar Fabrication Machine
- Linishing Machine

➤ Machining

- CNC 4-Axis Vertical Machining Centres
- CNC Turning Centre
- Drilling & Tapping Machines

➤ Assembly

- Semi-Automation Lines
- Robotic Gasket Laying Machine
- Riveting
- Toxing & Glueing

➤ Metal Additive Manufacturing

- Metal 3D-Printer
- Nabertherm Furnace - Heat Treatment
- Post Processing - Machining, Wire EDM & Shot Peening

Our Certifications

- ISO 9001
- ISO 14001
- IATF 16949
- AS 9100D
- ASME SEC IX Welding
- EN 15085-2:CL1
- ISO 45001
- C-TPAT
- ISO 27001

Corporate Office

Veer-O-Metals Pvt. Ltd.
